1 Introduction and literature review 1  

1.1 Motivation 3  
1.2 Structural colour 4  
1.2.1 General literature 5  
1.2.2 Butterflies 8  
1.3 Models for the wing of butterflies 14  
1.3.1 One-dimensional models 14  
1.3.2 Two-dimensional models 16  
1.4 Modelling multilayers 18  
1.5 Modelling volume diffractive structures 20  
1.5.1 Scalar methods 21  
1.5.2 Rigorous methods 21  
1.5.3 Multilevel structures 23  
1.6 Photonic crystals 24  
1.6.1 Modelling photonic crystals 25  
1.6.2 Layered two-dimensional photonic crystals 28  
1.6.3 Three-dimensional photonic crystals for visible and near infrared regimes 31  
1.7 Optical spectroscopy 35  
1.7.1 Supercontinuum generation 36
