

This guide shows exhibition events that took place at the Winchester Gallery. It uses archive images but within a different temporal and spatial sequence. It appears that the photographs have been affected by a bug that erases the surface of art, rendering it transparent. What is left of the singular aspect of an instance of art is now a general notion of art made public at the Winchester Gallery.

All images are based on photographs of actual exhibitions. Archive images courtesy of the Winchester Gallery, Park Avenue, Winchester, SO23 9DL, UK.
