apply(ies) to use the information designated as the USEWOD Research Dataset subject to the following understandings, terms and conditions. These understandings, terms and conditions apply equally to all or to part of the information.

Permitted Uses

1. The information may only be used for research and development of semantic data analysis/systems, usage data analysis/systems, or related systems.
2. Summaries, analyses and interpretations of the usage properties of the information may be derived and published, provided it is not possible to reconstruct the information from these summaries. No analyses that involve de-anonymisation may be performed.
3. Small excerpts of the information may be displayed to others or published in a scientific or technical context, solely for the purpose of describing the research and development and related issues. Any such use shall not infringe on the rights of any third party including, but not limited to, the website/data users and publishers of the excerpts.

Access to the Information by Individuals

1. Access to the information by an individual person is to be controlled by that person's organisation. The organisation may only grant access to people working under its control, i.e., its own members, consultants to the organisation, or individuals providing service to the organisation.
2. The organisation will maintain a list of people with current and recently-terminated access to the information.
3. An individual with access may only display the information to or share the information with persons whom his organisation lists as having access to the information.

Publishing and Data Citation

This dataset is part of a collection of datasets, which have been assembled for the USEWOD workshop series. This usage agreement does not prohibit publication of work based on these datasets at other venues than the USEWOD workshop. **When any instance of the USEWOD Research Dataset is used or referred to in published scholarly work, an appropriate data citation as part of the main references section includes the names of the dataset creators, the full title of the respective dataset (e.g. 'USEWOD 2015 Research Dataset'), the publication year, and the DOI identifier.**
