

Author: LISA NEWINGTON, ORCID <https://orcid.org/0000-0001-6954-2981>

Awarded by: University of Southampton (Faculty of Medicine)

Date of award: 2019

Date of file: 31/10/19

Data restrictions: Datasets for parts of this thesis are held by the MRC Lifecourse Epidemiology Unit, University of Southampton. Due to confidentiality requirements the data files cannot be uploaded. They are stored on the P drive (secure project drive) at the MRC Lifecourse Epidemiology Unit. For access, please contact Vanessa Cox, MRCLEU IT Manager, vac@mrc.soton.ac.uk.

Datasets

1. WORK ABSENCE AFTER CARPAL TUNNEL RELEASE: A SYSTEMATIC REVIEW (CHAPTER 3)

This work has been published in an open access format, along with the supporting data:

Newington L, Stevens M, Warwick D, Adams J, Walker-Bone K (2018). Sickness absence after carpal tunnel release: a systematic review of the literature. *Scandinavian Journal of Work, Environment and Health* 44(6): 557-67

DOI: <https://doi.org/10.5271/sjweh.3762>

2. RETURN TO WORK AFTER CARPAL TUNNEL RELEASE: A SURVEY OF UK HAND SURGEONS AND HAND THERAPISTS (CHAPTER 4)

This work has been published:

Newington L, Francis K, Ntani G, Warwick D, Adams J, Walker-Bone K (2018). Return to work recommendations after carpal tunnel release: a survey of UK hand surgeons and hand therapists. *Journal of Hand Surgery [European]* 43(8): 875-78

DOI: <https://doi.org/10.1177/1753193418786375>

Newington L, Warwick D, Adams J, Walker-Bone K (2018). Variation in preoperative management of carpal tunnel syndrome. *RCS Bulletin* 100(5):199-200

DOI: <https://doi.org/10.1308/rcsbull.2018.199>

3. RETURN TO EMPLOYMENT AFTER CARPAL TUNNEL RELEASE SURGERY (REACTS): A PROSPECTIVE COHORT STUDY (CHAPTER 5)

4. RETURN TO WORK AFTER CARPAL TUNNEL RELEASE: A QUALITATIVE INTERVIEW STUDY (CHAPTER 6)

This work has been published in an open access format:

Newington L, Brooks C, Warwick D, Adams A, Walker-Bone K (2019). Return to work after carpal tunnel release: a qualitative interview study. *BMC Musculoskeletal Disorders* 20:242

DOI: <https://doi.org/10.1186/s12891-019-2638-5>

Funding

Lisa Newington was funded by an NIHR Doctoral Research Fellowship ((NIHR DRF-2015-08-056).

The views expressed are those of the author and not necessarily those of the NIHR, NHS or Department of Health and Social Care.
