This research dataset should be interpreted and understood in the context of the corresponding manuscript, which has been published in *Advanced Functional Materials* with DOI: 10.1002/adfm.202300639. All relevant information regarding the dataset, how it was obtained and its context is contained in the manuscript. The data correspond to the data shown in the figures of the manuscript.

This dataset supports the publication:

Publication DOI: 10.1002/adfm.202300639
